The HAP Farm-to-Table Initiative provides fresh vegetables and flowers weekly—at their peak for freshness and nutrition. Our farm’s produce and flowers are grown in eco-friendly and sustainable environments. Your membership supports immigrant and refugee farmers during this unprecedented time of COVID-19 when many farmers have seen severe impact on farm businesses.

Can’t commit to a farm share right now? Consider making a donation.
As a result of COVID-19, farmers are experiencing significant loss of business and have an abundance of fresh produce in stock. Before COVID-19, 1 in 11 Minnesotans struggled to find food. It is now expected that 1 in 8 will face hunger by August 2020. Donate today to support immigrant/refugee farmers and families in need.
